

K. Telephone numbers transmitted via any resold service feature are intended solely for the use of the end user of the feature. Resale of this information is prohibited.

L. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. ICI is strictly prohibited from any use, including but not limited to sale, marketing or advertising, of any BellSouth name or trademark.

M. Services resold under BellSouth's Tariffs and facilities and equipment provided by BellSouth shall be maintained by BellSouth. ICI or its end users may not rearrange, move, disconnect, remove or attempt to repair any facilities owned by BellSouth, other than by connection or disconnection to any interface means used, except with the written consent of BellSouth.

N. BellSouth will not perform billing and collection services for ICI as a result of the execution of this Agreement. All requests for billing services should be referred to the appropriate entity or operational group within BellSouth.

O. Until such time as BellSouth receives permission from the FCC to bill the End User Common Line (EUCL) charge to ICI, BellSouth will, on an interim basis, bill ICI the charges shown below which are identical to the EUCL rates billed by BST to its end users.

	Monthly Rate
1. Residential	
(a) Each Individual Line or Trunk	\$3.50
2. Single Line Business	
(b) Each Individual Line or Trunk	\$3.50
3. Multi-line Business	
(c) Each Individual Line or Trunk	\$6.00

P. The procedures for discontinuing end user service purchased by ICI for resale to an end user are as follows:

1. Where possible, BellSouth will deny service to ICI's end user on behalf of, and at the request of, ICI. Upon restoration of the end user's service, restoral charges will apply and will be the responsibility of ICI
2. At the request of ICI, BellSouth will disconnect a ICI end user customer.

3. All requests by ICI for denial or disconnection of an end user for nonpayment must be in writing.
4. ICI will be made solely responsible for notifying the end user of the proposed disconnection of the service.
5. BellSouth will continue to process calls made to the Annoyance Call Center and will advise ICI when it is determined that annoyance calls are originated from one of their end user's locations. BellSouth shall be indemnified, defended and held harmless by ICI and/or the end user against any claim, loss or damage arising from providing this information to ICI. It is the responsibility of ICI to take the corrective action necessary with its customers who make annoying calls. Failure to do so will result in BellSouth's disconnecting the end user's service.

Q. The procedures for discontinuing service to ICI are as follows:

1. BellSouth reserves the right to suspend or terminate service for nonpayment or in the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation or noncompliance by ICI of the rules and regulations of BellSouth's Tariffs.
2. If payment of account is not received by the bill day in the month after the original bill day, BellSouth may provide written notice to ICI, that additional applications for service will be refused and that any pending orders for service will not be completed if payment is not received by the fifteenth day following the date of the notice. If BellSouth does not refuse additional applications for service on the date specified in the notice, and ICI's noncompliance continues, nothing contained herein shall preclude BellSouth's right to refuse additional applications for service without further notice.
3. If payment of the account is not received, or arrangements made, by the bill day in the second consecutive month, the account will be considered in default and will be subject to denial or disconnection, or both.
4. If ICI fails to comply with the provisions of this Agreement, including any payments to be made by it on the dates and times herein specified, BellSouth may, on thirty days written notice to the person designated by ICI to receive notices of noncompliance, discontinue the provision of existing services to ICI at any time thereafter. In the case of such discontinuance, all billed charges, as well as applicable termination charges, shall become due. If BellSouth

does not discontinue the provision of the services involved on the date specified in the thirty days notice, and ICI's noncompliance continues, nothing contained herein shall preclude BellSouth's right to discontinue the provision of the services to ICI without further notice.

5. If payment is not received or arrangements made for payment by the date given in the written notification, ICI's services will be discontinued. Upon discontinuance of service on a ICI's account, service to ICI's end users will be denied. BellSouth will also reestablish service at the request of the end user or ICI upon payment of the appropriate connection fee and subject to BellSouth's normal application procedures.
6. If within fifteen days after an end user's service has been denied no contact has been made in reference to restoring service, the end user's service will be disconnected.

R. BellSouth may require ICI to make a deposit, if evidence of good credit cannot be provided, when purchasing services for resale purposes to be held by BellSouth as a guarantee of the payment of rates and charges. Any such deposit may be held during the continuance of the service and may not exceed two month's estimated billing. The fact that a deposit has been made in no way relieves ICI from the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of BellSouth providing for the discontinuance of service for non-payment of any sums due BellSouth. In the event that ICI defaults on its account, service to ICI will be terminated and any deposits held will be applied to its account. In the case of a cash deposit, interest at the rate of six percent per annum shall be paid to ICI during the continuance of the deposit. Interest on a deposit shall accrue annually and, if requested, shall be annually credited to ICI by the accrual date.

XV. Ordering of Services From BellSouth For Resale Purposes

A. The ordering and provision of services purchased from BellSouth for resale purposes by ICI shall be as set forth in the OLEC-to-BellSouth Ordering Guidelines (Reseller) as those guidelines are amended by BellSouth from time to time during the term of this Agreement.

B. When the initial service is ordered by ICI, BellSouth will establish an accounts receivable master account for ICI.

C. BellSouth shall bill ICI on a current basis all applicable charges and credits.

D. Payment of all charges will be the responsibility of ICI. ICI shall make payment to BellSouth for all services billed. BellSouth is not responsible for payments not received by ICI from ICI's customer. BellSouth will not become involved in billing disputes that may arise between ICI and its customer. Payments made to BellSouth as payment on account will be credited to an accounts receivable master account and not to an end user's account.

E. BellSouth will render bills each month on established bill days for each of ICI's accounts.

F. BellSouth will bill ICI in advance charges for all services to be provided during the ensuing billing period except charges associated with service usage, which charges will be billed in arrears. Charges will be calculated on an individual end user account level, including, if applicable, any charges for usage or usage allowances. BellSouth will also bill all charges, including but not limited to 911 and E911 charges, telecommunications relay charges, and franchise fees, on an individual end user account level.

G. The payment will be due by the next bill date (i.e., same date in the following month as the bill date) and is payable in immediately available U.S. funds. Payment is considered to have been made when received by BellSouth.

If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday. If payment is not received by the payment due date, a late payment penalty, as set forth in I. following, shall apply.

H. Upon proof of tax exempt certification from ICI, the total amount billed to ICI will not include any taxes due from the end user. ICI will be solely responsible for the computation, tracking, reporting and payment of all federal, state and/or local jurisdiction taxes associated with the services resold to the end user.

I. As the customer of record, ICI will be responsible for, and remit to BellSouth, all charges applicable to its resold services for emergency services (E911 and 911) and Telecommunications Relay Service (TRS) as well as any other charges of a similar nature.

J. If any portion of the payment is received by BellSouth after the payment due date as set forth preceding, or if any portion of the payment is received by

BellSouth in funds that are not immediately available to BellSouth, then a late payment penalty shall be due to BellSouth. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor. The late factor shall be the lessor of:

1. The highest interest rate (in decimal value) which may be levied by law for commercial transaction, compounded daily for the number of days from the payment due date to and including the date that ICI actually makes the payment to BellSouth, or
2. 0.000590 per day, compounded daily for the number of days from the payment due date to and including the date that ICI actually makes the payment to BellSouth.

K. Any Carrier Common Line charges (CCL) associated with interexchange carrier access to the resold local exchange lines will be billed by, and due to, BellSouth.

L. In general, BellSouth will not become involved in disputes between ICI and ICI's end user customers over resold services. If a dispute does arise that cannot be settled without the involvement of BellSouth, ICI shall contact the designated Service Center for resolution. BellSouth will make every effort to assist in the resolution of the dispute and will work with ICI to resolve the matter in as timely a manner as possible. ICI may be required to submit documentation to substantiate the claim.

M. ICI is responsible for payment of all appropriate charges for completed calls, services, and equipment. If objection in writing is not received by BellSouth within twenty-nine days after the bill is rendered, the account shall be deemed correct and binding upon ICI.

XVI. Network Design and Management

A. The parties agree to work cooperatively to install and maintain reliable interconnected telecommunications networks, including but not limited to, maintenance contact numbers and escalation procedures. BellSouth agrees to provide public notice of changes in the information necessary for the transmission and routing of services using its local exchange facilities or networks, as well as of any other changes that would affect the interoperability of those facilities and networks.

B. The interconnection of all networks will be based upon accepted industry/national guidelines for transmission standards and traffic blocking criteria.

C. The parties will work cooperatively to apply sound network management principles by invoking appropriate network management controls, e.g., call gapping, to alleviate or prevent network congestion.

D. Neither party intends to charge rearrangement, reconfiguration, disconnection, termination or other non-recurring fees that may be associated with the initial reconfiguration of either party's network interconnection arrangement contained in this Agreement. However, the interconnection reconfigurations will have to be considered individually as to the application of a charge. Notwithstanding the foregoing, the parties do intend to charge non-recurring fees for any additions to, or added capacity to, any facility or trunk purchased.

E. The parties agree to provide LEC-to-LEC Common Channel Signaling (CCS) to one another, where available, in conjunction with all traffic in order to enable full interoperability of CLASS features and functions except for call return. All CCS signaling parameters will be provided, including automatic number identification (ANI), originating line information (OLI) calling party category, charge number, etc. All privacy indicators will be honored, and the parties agree to cooperate on the exchange of Transactional Capabilities Application Part (TCAP) messages to facilitate full interoperability of CCS-based features between the respective networks.

F. For network expansion, the parties agree to review engineering requirements on a quarterly basis and establish forecasts for trunk utilization as required by Section V of this Agreement. New trunk groups will be implemented as state by engineering requirements for both parties.

G. The parties agree to provide each other with the proper call information, i.e. originated call party number and destination call party number, CIC, and OZZ, including all proper translations for routing between networks and any information necessary for billing where BellSouth provides recording capabilities. The exchange of information is required to enable each party to bill properly.

XVII. Disconnection of Existing End User Service

A. BellSouth will accept requests from ICI to disconnect the service of an existing BellSouth end user. BellSouth will accept a request directly from an end user for conversion of the end user's service from ICI to BellSouth or will accept a request from another ALEC or ICI for conversion of the Service Provider Number Portability service associated with an end user's service from ICI to the second ALEC or Reseller. BellSouth will notify ICI that such a request has been processed. BellSouth will not require end user confirmation prior to disconnecting the end user's service. ICI must, however, provide proof of authorization upon request.

B. If BellSouth determines that an unauthorized change in local service provider has occurred, BellSouth will reestablish service with the appropriate local service provider as requested by the end user and will assess ICI an Unauthorized Change Charge of \$19.41 per line or trunk for Residence of Business. The appropriate nonrecurring charges to reestablish the customer's service with the appropriate local service provider will also be assessed to ICI because of the unauthorized change. These charges may be adjusted if ICI provides satisfactory proof of authorization.

C. BellSouth may designate BellSouth as the preferred provider of local exchange service for its own pay telephones.

XVIII. Implementation of Agreement

The parties agree that within 30 days of the execution of this Agreement they will adopt a schedule for the implementation of this Agreement. The schedule shall state with specificity, conversion, reconfiguration, ordering, testing, and full operational time frames. Both parties agree to provide the appropriate staff support to ensure effective implementation, administration of this Agreement and conversion of existing services to the appropriate rates contained in this Agreement. Any changes in billing to ICI shall be as of the effective date of this Agreement. The implementation schedule shall be attached to this Agreement as an addendum and specifically incorporated herein by this reference.

XIX. Auditing Procedures

A. Upon thirty (30) days written notice, each party must provide the other the ability and opportunity to conduct an annual audit to ensure the proper billing of traffic between the parties. The parties agree to retain records of call detail for a minimum of nine months from which the PLU can be ascertained. The audit shall be accomplished during normal business hours at an office designated by the party being audited. Audit request shall not be submitted more frequently than one (1) time per calendar year. Audits shall be performed by a mutually acceptable independent auditory paid for by the party requesting the audit. The PLU shall be adjusted based upon the audit results and shall apply to the usage for the quarter the audit was completed, the usage for the quarter prior to the completion of the audit, and to the usage for the two quarters following the completion of the audit. If, as a result of an audit, either party is found to have overstated the PLU by twenty percentage points (20%) or more, that party shall reimburse the auditing party for the cost of the audit.

B. For combined interstate and intrastate ICI traffic terminated by BellSouth over the same facilities, ICI shall provide a projected Percentage Interstate Usage ("PIU") as defined herein to BellSouth. All jurisdictional report requirements, rules and regulations for Interexchange Carriers specified in E2.3.14 of BellSouth's Intrastate Access Services Tariff will apply to ICI. After interstate and intrastate traffic percentages have been determined by use of PIU procedures, the PLU factor will be

used for application and billing of local interconnection and intrastate toll access charges.

C. BellSouth reserves the right to periodically audit services purchased by ICI for the purposes of resale to confirm that such services are being utilized in conformity with this Agreement. ICI agrees to make any and all records available to BellSouth or its auditors on a timely basis. BellSouth shall bear the cost of said audit that shall not occur more than once in a calendar year. If the audit determines that the services are being utilized in violation of this Agreement, ICI shall be notified and billing for the service will be immediately changed to conform with this Agreement. Service charges, back billing and interest may be applied.

XX. Liability and Indemnification

A. With respect to any claim or suit by ICI, an ICI customer or by any other person or entity, other than for willful misconduct, for damages associated with any of the services provided by BellSouth pursuant to this Agreement or otherwise, including but not limited to the installation, provision, preemption, termination, maintenance, repair or restoration of service, and subject to the provisions of B. through G. following, BellSouth's liability shall not exceed an amount equal to the proportionate charge for the service provided pursuant to this Agreement for the period during which the service was affected.

B. BellSouth shall not be liable for any act or omission of any other telecommunications company providing a portion of a service, nor shall BellSouth hold liable any other telecommunications company providing a portion of a service for any act or omission of BellSouth.

C. BellSouth is not liable for damages to ICI's terminal location, POI nor ICI's customer's premises resulting from the furnishing of a service, including but not limited to the installation and removal of equipment and associated wiring, unless the damage is caused by BellSouth's gross negligence.

D. BellSouth shall be indemnified, defended and held harmless by ICI against any claim, loss or damage arising from ICI's use of services provided by BellSouth under this Agreement, involving: 1) Claims for libel, slander, invasion of privacy, or infringement of copyright arising from ICI's own communications; 2) Claims for patent infringement arising from ICI's acts combining or using the service furnished by BellSouth in connection with facilities or equipment furnished by ICI or ICI's customer; 3) any claim, loss, or damage claimed by a ICI customer, arising from ICI's uses of services provided by BellSouth under this Agreement; or 4) all other claims arising out of an act or omission of ICI in the course of using services provided pursuant to this Agreement.

E. BellSouth assumes no liability for the accuracy of the data provided to it by ICI and ICI agrees to indemnify and hold harmless BellSouth for any claim, action, cause of action, damage, injury whatsoever, that may result from the supply of data from ICI to BellSouth in conjunction with the provision of any service provided pursuant to this Agreement.

F. BellSouth does not guarantee or make any warranty with respect to its services when used in an explosive atmosphere. BellSouth shall be indemnified, defended and held harmless by ICI or ICI's customer from any and all claims by any person relating to ICI's or ICI's customer's use of services so provided.

G. No license under patents (other than the limited license to use) is granted by BellSouth or shall be implied or arise by estoppel, with respect to any service offered pursuant to this Agreement. BellSouth will defend ICI against claims of patent infringement arising solely from the use by ICI of services offered pursuant to this Agreement and will indemnify ICI for any damages awarded based solely on such claims.

H. BellSouth's failure to provide or maintain services offered pursuant to this Agreement shall be excused by labor difficulties, governmental orders, civil commotion, criminal actions taken against BellSouth, acts of God and other circumstances beyond BellSouth's reasonable control.

I. This obligations of the Parties contained within this section shall survive the expiration of this Agreement.

XXI. More Favorable Provisions

A. In the event an appropriate regulatory agency or judicial body orders or directs BellSouth or ICI to provide any substantive portion of this Agreement in a way different than that provided for herein, including but not limited to BellSouth's provision of broadband exchange line services, the parties agree to implement said order so that the parties can incorporate the order on the same day that the order becomes effective. The parties agree that such action shall take place only after all administrative and judicial remedies have been exhausted. The party pursuing any administrative or judicial remedy agrees to apply the regulatory or judicial order retroactively to the date that the order was initially entered and apply simple interest at a rate based on the thirty day commercial paper rate for high grade, unsecured notes sold through dealers by major corporations in multiples of \$1,000.00 as regularly published in the Wall Street Journal. The preceding sentence shall survive the expiration of this Agreement.

B. In the event BellSouth executes an interconnection, unbundling and resale agreement with any other local exchange carrier, the parties agree that ICI shall be eligible to supersede this Agreement with the identical rates, terms and conditions contained in the BellSouth agreement with the other local exchange carrier. If ICI

chooses to adopt another agreement in its entirety, the parties agree that the effective day shall be the date the agreement is approved by the Commission.

C. In the event BellSouth files and receives approval for a tariff offering to provide any substantive service of this Agreement in a way different than that provided for herein, the parties agree that ICI shall be eligible for subscription to said service at the rates, terms and conditions contained in the tariff. The parties agree that such eligibility shall be as of the effective date of the tariff.

D. The Parties acknowledge that BellSouth will guarantee the provision of universal service as the carrier-of-last-resort throughout its territory in Florida until January 1, 1998 without contribution from ICI.

XXII. Treatment of Proprietary and Confidential Information

A. Both parties agree that it may be necessary to provide each other during the term of this Agreement with certain confidential information, including trade secret information, including but not limited to, technical and business plans, technical information, proposals, specifications, drawings, procedures, customer account data, call detail records and like information (hereinafter collectively referred to as "Information"). Both parties agree that all Information shall be in writing or other tangible form and clearly marked with a confidential, private or proprietary legend and that the Information will be returned to the owner within a reasonable time. Both parties agree that the Information shall not be copied or reproduced in any form. Both parties agree to receive such Information and not disclose such Information. Both parties agree to protect the Information received from distribution, disclosure or dissemination to anyone except employees of the parties with a need to know such Information and which employees agree to be bound by the terms of this Section. Both parties will use the same standard of care to protect Information received as they would use to protect their own confidential and proprietary Information.

B. Notwithstanding the foregoing, both parties agree that there will be no obligation to protect any portion of the Information that is either: 1) made publicly available by the owner of the information or lawfully disclosed by a nonparty to this Agreement; 2) lawfully obtained from any source other than the owner of the Information; or 3) previously known to the receiving party without an obligation to keep it confidential.

XXIII. Resolution of Disputes

Except as otherwise stated in this Agreement, the parties agree that if any dispute arises as to the interpretation of any provision of this Agreement or as to the proper implementation of this Agreement, the parties will initially refer the issue to the individuals in each company that negotiated the Agreement. If the issue is not resolved within 30 days, either party may petition the Commission for a resolution of the dispute.

However, each party reserves any rights it may have to seek judicial review of any ruling made by the Commission concerning this Agreement.

XXIV. Limitation of Use

The parties agree that this Agreement shall not be proffered by either party in another jurisdiction as evidence of any concession or as a waiver of any position taken by the other party in that jurisdiction or for any other purpose.

XXV. Waivers

Any failure by either party to insist upon the strict performance by the other party of any of the provisions of this Agreement shall not be deemed a waiver of any of the provisions of this Agreement, and each party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

XXVI. Governing Law

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Georgia, without regard to its conflict of laws principles.

XXVII. Arm's Length Negotiations

This Agreement was executed after arm's length negotiations between the undersigned parties and reflects the conclusion of the undersigned that this Agreement is in the best interests of all parties.

Attachment B-1
Local Interconnection Service

Service: Local Interconnection*

Description: Provides for the use of BellSouth Switching and transport facilities and common subscriber plant for connecting calls between an ALEC's Point of Interface (POI) and a BellSouth end user.

It can also be used to connect calls between an ALEC and an Interexchange Carrier (IC), and Independent Exchange Telephone Company (ICO), or a Mobile Service Service Provider (MSP), or between two ALECs.

It is furnished on a per-trunk basis. Trunks are differentiated by traffic type and directionality. There are two major traffic types: (1) Local and (2) Intermediary. Local represents traffic from the ALEC's POI to a BellSouth Tandem or end office and Intermediary represents traffic originated or terminated by an ALEC which is interconnected with an IC, ICO, MSP or another ALEC.

Rates and charges will be applied as indicated below.

-DS1 Local Channel: denotes a DS1 dedicated transport facility between the ALEC's serving wire center and the ALEC's POI, also called an Entrance Facility. This element will apply when associated with services ordered by an ALEC which utilizes a BellSouth facilities. This element is not required when an ALEC is collocated.

-DS1 Dedicated Transport: provides transmission and facility termination. The facility termination applies for each DS1 Interoffice Channel terminated. Can be used from the ALEC's serving wire center to the end users and office or from the ALEC's serving wire center to the tandem.

-Common Transport: Composed of Common Transport facilities as determined by BellSouth and permits the transmission of calls terminated by BellSouth.
